- You must not speak at any point during the recording
- No piano accompaniment
- **All extracts and excerpts must be recorded within one continuous take, as if in a live audition, and uploaded as a single, unedited video** (you will not be able to upload more than one video to Musical Chairs)
- Use a single camera and a single shot
- Visibly no editing (auditions found to have been edited may be excluded) and absolutely no effects are to be applied digitally
- You do not need a professional grade camera, but please ensure your audio is not distorted
- When recording your audition video, use a space without background noise

- Very reverberant acoustics are to be avoided, whether natural or artificial

Remember that the Panel understand the circumstances and will focus on your qualities as a player rather than the recording itself.
